

# ALICE Active Shooter Response Training Organization Certification

**Want to ensure that your entire school, business, or organization is prepared in the event of a violent critical incident? Enroll in ALICE Organization Certification.**

## **Benefits of enrolling in ALICE Organization Certification:**

- Ensures that at least 75% of your staff have completed ALICE eLearning and annual refresh training that demonstrates your preparedness and commitment to keeping organizations safe
- Verification of ALICE active shooter training drills to bring peace of mind to you, your staff, and the community and build confidence in your school safety plan
- Additional eLearning content is available at no additional charge on subjects such as Situational Awareness, How to Properly Call 911, and other topics that help build your safety knowledge
- Review of emergency operation plans (EOPs) to ensure fidelity to ALICE response strategies and provide peace of mind to your staff and community

**ALICE Organization Certification is provided at no additional cost!**

In addition, schools, businesses, & organizations that maintain ALICE Organization Certification status can earn valuable resources – shirts, a letter from our CEO, and more – on their 1-, 3-, and 5-year anniversaries.

**Want to submit for ALICE Organization Certification?**

## Requirements to become an ALICE-Certified Organization

CRITERIA	DOES NOT MEET	MEETS
Have at least 75% of the organization's total staff completed and passed the ALICE eLearning course?		
Has the organization completed at least one ALICE Active Shooter Training drill with an ALICE Certified Instructor (ACI) using best practices and updated a drill log? Please include the ACI Certificate Number.		
Does the Emergency Operations Plan outline ALICE Active Shooter Response Training protocols and best practices?		

### ALICE Active Shooter Training Drill Best Practices

Active shooter drill requirements may vary in your state. Use the following best practices as guidelines:

- Understand the difference between drills and scenarios
- Practice all types of drills: lockdown, evacuate, tabletop (using critical thinking drill cards)
- Drills should be led by an ALICE Certified Instructor (ACI) or member of law enforcement
- Drills should NEVER be unannounced
- Drills should be age- and ability-appropriate
- Drills can be uncomfortable – ensure the use of a trauma-informed approach to alleviate some of the stress
- Complete a drill log
- Check with local or state government for specific drill requirements

## Emergency Operations Plan Best Practices

EOP requirements may vary in your state. View a sample EOP [here](#) or use the provided template [here](#).

The following best practices can also be used as a guide:

- Ensure the EOP is updated annually
- Does the EOP identify a point of contact, rally point, and strategies for Inform?
- Is there a plan for how to evacuate individuals with disabilities, young children, the elderly, or others that may need additional assistance?

## Need more help to ensure safety? We also provide:

### **Safety Audits**

- › The first step in understanding the consequences and vulnerabilities of your school's security features and procedures.

### **Site Mapping**

- › Provide first responders with a detailed map and imagery to get them where they need to be with speed and efficiency.

### **Anonymous Reporting & Tipline**

- › Give your students and community an anonymous platform to share what they know with people who can help prevent the preventable.

### **Emergency Management Suite**

- › Keep students and staff safe during drills and on-campus incidents through reunification and recovery.
