

Richmond University Medical Center

****Active Shooter Drill: Tuesday, March 15****

On Tuesday, March 15, Richmond University Medical Center will be conducting an active shooter drill between the hours of 9 AM and 12 PM.

The drill will be conducted inside the hospital. As part of the drill, NYPD, FDNY, and other emergency response agencies will be involved. You may notice a larger than usual amount of vehicles and personnel from these agencies around the hospital while the drill is conducted. This drill will not involve the discharge of any firearms.

We are providing this notice to you, in advance of this drill to assure you that there is no actual threat to the safety of the hospital or the community.

Thank you.
