Good morning:

The Active Shooter Drill is just under two weeks away, **April 27th**. We want all staff to be as prepared as possible for this drill, so we're requesting your attention to the following:

- Become familiar with the Emergency Response Plan pamphlet, specifically read the tab labeled "Active Shooter". I've attached a PDF of the pamphlet as well.
- Communication: Amanda will be posting flyers regarding this drill all over campus, as well as reaching out to specific locations surrounding BCC and social media. The City of Barstow is also doing their part to reach out to the community as they do whenever they conduct these types of drills.
- **We encourage you to watch the video if you haven't already done so.**

- **Detectives from the City of Barstow will be here on April 25th at 11:30am to give a short presentation in S-01 on how the drill will be conducted as well as time for Q&A. We encourage you to attend in person, however, it will also be accessible via a Zoom link that will be sent out.**

Unfortunately in today's events, this drill is important for us all to take very seriously and we're thankful for the City of Barstow and all of the agencies that will be participating.

Thank you all. If you have any questions, please let me know.

Best,

Deedee

Good afternoon Vikings,

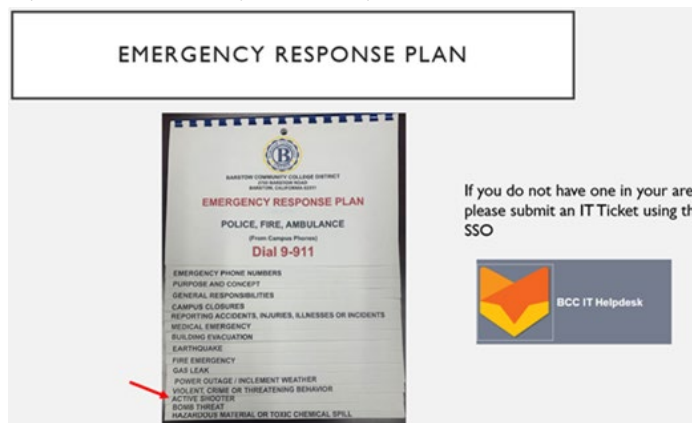

Please be aware that we will be holding an Active Shooter Training drill in partnership with the City of Barstow Police Department. This drill will take place on the morning of April 27th.

In preparation, the following are a few reminders and suggestions:

- In an emergency, dial 911.
- Security guards are on campus Monday – Friday, 7:00am to 10:00pm. You can reach them by pressing the button on your phone that should say “Security Guard” or by dialing ext. 6836. The security phone number is (760) 252-6836 (see below).

- Please be familiar with the Emergency Response Plan pamphlet that should be posted on the wall in your area. Specifically, please take a moment to read the tab labeled “Active Shooter” to help prepare for this drill (see below)

- Please take a moment to view the following video which is a dramatization of an active shooting scenario done on a college campus. The video outlines three courses of action:
 - Escape when possible
 - Hide and barricade when necessary and,
 - As a final resort, using force against the assailant
