SUBJECT: LACCD Emergency Response Training and Exercises Spring 2020

As the spring 2020 Semester approaches, it is important for all of us to remain keenly aware that our colleges, faculty, students and staff can become the targets of an Active Shooter event, similar to what recently occurred at a neighboring community, Saugus High School.

In support of the Board of Trustees resolution approved in October 2019, that campus Safety and Emergency Preparedness is a priority, the District plans to continue our Active Shooter trainings, Active Shooter Awareness for classrooms and building-specific lockdown drills at each college. In addition, at the request of the AFT we are going to begin a series of Active Shooter Drills at all colleges throughout the District. These drills will be conducted during regularly scheduled classroom hours and all LACCD employees are required to participate if your classroom/work location is identified as being part of the drill. The following summary gives you a better idea of what to expect.

- **Active Shooter**—Personnel from the Los Angeles County Sheriff’s Department (LASD) will explain procedures that students, faculty and staff should follow if an Active Shooter event occurs. The 60-minute training will cover the new classroom door locks and discuss the various initiatives the District is implementing to keep our colleges safe and secure.
- **Active Shooter Awareness**—a 15-minute training specifically for classroom situations will be presented by the LASD at the request of faculty for their students. Students will learn about what the District and colleges are doing to prevent and respond to an Active Shooter; what to do if a shooting occurs; basic “See Something, Say Something” reminders and be encouraged to participate in the recurring Active Shooter trainings conducted on campus.
- **Building Specific Active Shooter Lockdown Drills**—Regular monthly drills will occur inside different buildings at each college where all occupants will be told to go into “lockdown” mode. LASD personnel will verify the lockdowns are performed correctly before giving the “all clear” for classes to resume. Lockdowns will last about 90 seconds to no more than 10 minutes for large buildings. Your LASD team leader will coordinate with the VPA to identify specific buildings and times the drills will be conducted.
- **Active Shooter Table-Top Exercise** – The office of Safety and Emergency Services along with the LASD will work with the President’s office at each college to conduct a discussion-based exercise in response to an Active Shooter event. The exercise should last approximately 90 minutes.

All of these trainings are designed to increase awareness and confidence of faculty, students and staff regarding emergency procedures should an Active Shooter event occur.

Attached is a list of trainings and drills that are now scheduled for your colleges. Please ensure all appropriate personnel are aware of the schedule.

Be Prepared for an Active Shooter Incident

Active Shooter Awareness Training Available

The safety of all faculty, students, staff and visitors is a top priority for the Los Angeles Community College District (LACCD), the Board of Trustees, Chancellor Francisco C. Rodriguez, Ph.D., the College Presidents and the Los Angeles County Sheriff's Department (LASD). LACCD and the LASD now offer a brief, "ACTIVE SHOOTER AWARENESS TRAINING" taught in the classrooms at all nine colleges. The training is a quick, 10–15 minute discussion on what to do during an Active Shooter incident.

The Training will provide information about:

"Run-Hide-Fight"
and what
it means

Updates on
classroom door
locks & the
"public safety app"

"See Something,
Say Something"
tips and
best practices
