## NARRATIVE

On 8/29/22 at approximately 1240 hours, I was advised that there was two protestors with signs standing outside of the Iberville Building. Upon my arrival, both subjects were advising Sgt. Worley and Lt. Freeman of neuro weapons that they claim are affecting everyone in the area. I recognized the female subject, Ms. Harris, from her previous attempt to report neuro weapons at the State Capitol in March of this year. The male subject, Mr. Lucito, advised that he has filled out numerous reports to the LSP Fusion Center but he has not received a response. They also asked if the National Guard could be activated. Both subjects were advised that their reports have been noted by LSP and DPS but there is nothing else that DPS can do at this time. They both left the area without incident.
