What is Ariba Network?

Boeing has selected Ariba Network as their electronic transaction provider. As a preferred supplier, you have been invited by your customer to join Ariba Network and start transacting electronically with them.

Boeing Message

Indirect Supply Chain supplier migration to SAP Ariba Network – action required

Who is the audience?

Indirect Supply Chain (ISC) suppliers.

What is happening?

Boeing is transitioning to SAP Ariba as our new procurement system in October 2019. All Boeing Indirect Supply Chain suppliers will be required to transition to the SAP Ariba Network for supplier transactions in a phased approach based on transaction volumes.

Why is this happening?

The move to the SAP Ariba system is part of the 2nd Century Enterprise Systems (2CES), which is a companywide initiative transforming Boeing IT systems through process improvements, data management and technology enhancements.

When is this happening?

Boeing is currently planning a phased transition between mid to late 2019 for implementation with ISC suppliers. You will receive communications from Boeing and SAP Ariba with additional details as your timeframe approaches.

[Boeing Message Continued On Slide 6...](#)

Boeing Message Continued...

What do I need to do to prepare?

Boeing will transition suppliers to SAP Ariba using a phased approach based on transaction volumes. You will receive important instructions, including directions to establish a trading relationship on the SAP Ariba network when your transition is scheduled. The schedule will be made available soon.

If you are currently transacting through the Exostar Boeing Supply Chain Platform (BSCP) for the indirect (SSPN) transactions, you will continue to do so until after the Go Live date.

Please continue to use the current transaction method until your transition date is communicated to you.

Is there a cost associated with this initiative?

There is no charge to register in Ariba but there may be an annual subscription fee associated with the SAP Ariba Network. The subscription fee is determined by the number of transactions (i.e., purchase orders, and invoices) you have on the Ariba Network within a 12 month period. Detailed information regarding the pricing structure can be found on the SAP Ariba website at: <https://www.ariba.com/ariba-network/ariba-network-for-suppliers/subscriptions-and-pricing>.

Please note: if you are also a supplier for BCA, BDS or BGS you will need to maintain your Exostar transaction methodology post your Ariba transition until directed otherwise by BCA, BDS or BGS.

Point of Contact: Boeing 2CES ERP Supplier Readiness team at Boeing2CESERPTeam@boeing.com .

Review Boeing Specifications

Supported Documents

Boeing project specifics:

- **Tax data** is accepted at the header/summary level or at the line item level of the invoice.
- **Shipping data** is accepted at the header/summary level or at the line item level.

Supported

- **Purchase Order Confirmations**
Apply against a whole PO or line items
- **Advance Shipment Notices**
Apply against PO when items are shipped
- **Detail Invoices**
Apply against a single purchase order referencing a line item
- **Partial Invoices**
Apply against specific line items from a single purchase order
- **BPO Invoices**
Invoices against a blanket purchase order
- **Line Level Credit Invoices/Credit Memos**
Item level credits; price/quantity adjustments

Review Boeing Specifications

NOT Supported Documents

NOT Supported:

- **Summary or Consolidated Invoices**
Apply against multiple purchase orders; not accepted by Boeing
- **Invoicing for Purchasing Cards (P-Cards)**
An invoice for an order placed using a purchasing card; not accepted by Boeing
- **Duplicate Invoices**
A new and unique invoice number must be provided for each invoice; Boeing will reject duplicate invoice numbers unless resubmitting a corrected invoice that previously had a failed status on Ariba Network
- **Paper Invoices**
Boeing requires invoices to be submitted electronically through Ariba Network; Boeing will no longer accept paper invoices
- **Header Level Credit Memos**
Credit Memos applied against whole invoices; not accepted by Boeing
- **Service Entry Sheets**
Apply against a single purchase order referencing a line item; not accepted by Boeing
- **Non-PO Invoices**
Apply against a PO not received through Ariba Network; not accepted by Boeing
- **Service Invoices**
Invoices that require service line item details; not accepted by Boeing
- **Contract Invoices**
Apply against contracts; not accepted by Boeing

Boeing Specific Account Configuration

- **VAT ID / TAX ID** – select Company Settings in the top right corner, go to Company Profile and select tab Business. In the section Financial Information enter your Vat ID / Tax ID.
- **Remittance Address** – select Company Settings in the top right corner and go to Remittances. In the EFT/Check Remittances section select Create and complete all required fields marked by an asterisk.
- **Payment Methods** – select Company Settings in the top right corner and go to Remittances. In the EFT/Check Remittances section select Create/Edit. In the Payment methods section choose one of the following options: ACH, Check, Credit card or Wire. Complete the details. The Remittance ID will be communicated to you by your buyer.
- **Test Account Creation (testing is required for integrated and catalog suppliers)** – To create a test account, select your name in top right corner and choose “Switch to Test ID.”
- **Currency** – The currency that Ariba Network uses in the service subscription area of your account is controlled by your organization’s location, which you specify in User Account Navigator > My Account > Preferences.

Accept Your Invitation

The invitation is also referred to as the **Trading Relationship Request**, or TRR. This e-mail contains information about transacting electronically with your customer.

1. **Click** the link in the emailed letter to proceed to the landing page.

Welcome to Ariba® Network

SMO Buyer has invited you to join Ariba Network.

New User

Are you new to the Ariba Network? If you do not have an account and would like to participate, click **Register Now**. By signing up with the Ariba Network, you will establish a trading relationship with your requesting customer. Your new account will also be visible to other buying organizations on the Ariba Network.

Register Now

[I have further questions for my requesting customer](#)

Existing User

If you already have an Ariba Commerce Cloud or Ariba Discovery account, enter your existing username and password and click **Confirm** to log in to the Ariba Network.

Username:

Password:

[Forgot Password?](#)

Confirm

When you confirm your existing username and password, Ariba will send a notification to your requesting customer, informing them that you already have an Ariba Network account and that you have accepted their trading relationship request.

Register as a New User

1. Click **Register Now**.

2. Enter Company Information fields marked required with an asterisk (*) including:

- **Company Name**
- **Country**
- **Address**

3. Enter User Account information marked required with an asterisk (*) including:

- **Name**
- **Email Address**
- **Username (if not the same as email address)**
- **Password**

1. Accept the **Terms of Use** by checking the box.

2. Click **Register** to proceed to your home screen.

The screenshot shows the 'New User' registration page on the Ariba Network. A callout box at the top left, labeled '1', contains the text: 'Are you new to the Ariba Network? If you do not have an account and would like to participate, click **Register Now**. By signing up with the Ariba Network, you will establish a trading relationship with your requesting customer. Your new account will also be visible to other buying organizations on the Ariba Network.' Below this, the 'Register Now' button is highlighted with a blue circle labeled '1'. The form is divided into two main sections: 'Company information' and 'User account information'. In the 'Company information' section, the 'Company Name' field is marked with an asterisk and a blue circle labeled '2'. The 'Country' dropdown is set to 'United States [USA]'. The 'Address' section has three lines, with 'Line 1' marked with an asterisk. The 'City' and 'State' (set to 'Alabama') fields are also marked with asterisks. The 'Zip' field is marked with an asterisk. In the 'User account information' section, the 'Name' field (split into 'First Name' and 'Last Name') is marked with an asterisk and a blue circle labeled '3'. The 'Email' field is marked with an asterisk, and the checkbox 'Use my email as my username' is checked. The 'Username' field is marked with an asterisk. The 'Password' field is marked with an asterisk, and the 'Repeat Password' field is also marked with an asterisk. The 'Language' dropdown is set to 'English'. At the bottom, a checkbox labeled '4' is for 'I have read and agree to the Terms of Use and the Ariba Privacy Statement'. The 'Register' button is highlighted with a blue circle labeled '5'.

Accept Relationship as an Existing User

1. **Log in** using your current Ariba username and password in order to accept the relationship with your customer.

Existing User

If you already have an Ariba Commerce Cloud or Ariba Discovery account, enter your existing username and password and click **Confirm** to log in to the Ariba Network.

Username:

Password: [Forgot Password?](#)

[Confirm](#)

When you confirm your existing username and password, Ariba will send a notification to your requesting customer, informing them that you already have an Ariba Network account and that you have accepted their trading relationship request.

Complete Your Profile

1. Select Company Profile from the Company Settings dropdown menu.
2. Complete all suggested fields within the tabs to best represent your company.
3. Fill the Public Profile Completeness meter to 100% by filling in the information listed below it.

Note: The more complete a profile, the higher the likelihood of increasing business with existing and prospective customers.

The screenshot displays the Ariba Network interface for completing a company profile. The sidebar on the left shows the 'Company Settings' dropdown menu with 'Company Profile' selected. The main content area is titled 'Company Profile' and features several tabs: 'Basic (3)', 'Business (2)', 'Marketing (3)', 'Contacts', 'Certifications (1)', and 'Additional Documents'. The 'Basic' tab is currently active, showing a form with the following fields: 'Company Name' (filled with 'SMO Supplier 1'), 'Other names, if any' (empty), 'NetworkId' (filled with 'AN010'), 'Short Description' (empty, with a character count of 100), 'Website' (empty), and 'Public Profile' (filled with 'http://discovery.ariba.com/profile/AN01022404640'). Below these are address fields: 'Address 1' (filled with '21 Jump Street'), 'Address 2' (empty), 'Address 3' (empty), 'City' (filled with 'Cleveland'), 'State' (filled with 'Ohio'), 'Zip' (filled with '44114'), and 'Country' (filled with 'United States [USA]'). On the right side, there is a 'Public Profile Completeness' meter showing 32% completion. Below the meter is a list of fields to complete: 'Short Description', 'Website', 'Annual Revenue', 'Certifications', 'D-U-N-S Number', 'Business Type', 'Industries', 'Company Description', and 'Company Logo'. At the bottom right, there is a 'Share Your Public Profile' section with a 'Click here to get your Ariba badge.' link and a 'Find us on Ariba Network' button.

Configure Your Email Notifications

The Network Notifications section indicates which system notifications you would like to receive and allows you to designate which email addresses you would like to send them to.

1. **Click** on Notifications under Company Settings.
2. **Network Notifications** can be accessed from here as well, or you may switch to the Network tab when in Notifications.
3. **You can enter** up to 3 email addresses per notification type. You must separate each address with a comma but include NO spaces between the emails.

The screenshot displays the SAP Account Settings interface. The main navigation bar at the top includes 'Customer Relationships', 'Users', 'Notifications', and 'Account Hierarchy'. The 'Notifications' section is active, showing sub-tabs for 'General', 'Network', 'Discovery', and 'Sourcing & Contracts'. The 'Network' tab is selected. Below the tabs, there is a section for 'Electronic Order Routing' with a table of notification types and their corresponding email addresses. The table has two columns: 'Type' and 'Send notifications when...'. The 'Type' column lists 'Order', 'Purchase Order Inquiry', 'Time Sheet', and 'Pending Queue'. The 'Send notifications when...' column contains checkboxes and descriptions for each type. The 'Order' type has a checked checkbox and the description 'Send a notification when orders are undelivered'. The 'Purchase Order Inquiry' type has an unchecked checkbox and the description 'Send a notification when purchase order inquiries are received'. The 'Time Sheet' type has an unchecked checkbox and the description 'Send a notification when time sheets are undelivered'. The 'Pending Queue' type has an unchecked checkbox and the description 'Send a notification when items delivered through pending queue are not acknowledged'. To the right of the table, there is a section for 'To email addresses (one required)' with a list of email addresses. The email addresses are 'junk@phoenix.ariba.com', 'junk@phoenix.ariba.com', 'junk@phoenix.ariba.com', and 'junk@phoenix.ariba.com'. The 'Company Settings' dropdown menu is open, showing options for 'jUnitOrg - LV8b8f8t...', 'ANID: AN02003380348', 'Standard Package', 'Company Profile', 'Service Subscriptions', 'Account Settings', 'Customer Relationships', 'Users', 'Notifications', 'Account Hierarchy', 'View All', and 'Network Settings'. The 'Notifications' option is highlighted with a yellow circle and the number 1. The 'Network' tab is highlighted with a yellow circle and the number 2. The email address input field is highlighted with a yellow circle and the number 3.

Type	Send notifications when...

Purchase Order Inquiry	<input type="checkbox"/> Send a notification when purchase order inquiries are undeliverable.
Time Sheet	<input type="checkbox"/> Send a notification when time sheets are undeliverable.

Select Electronic Invoice Routing Method

Methods and Tax Details

1. **Select** Electronic Invoice Routing.
2. **Choose** one of the following methods for Electronic Invoice Routing: Online; cXML; EDI. It is recommended to configure Notifications to email (the same way as in Order Routing).
3. **Click** on Tax Invoicing for Tax Information and Archiving sub-tab to enter Tax Id, VAT Id and other supporting data.

The screenshot displays the SAP S/4HANA configuration interface for Electronic Invoice Routing. The top navigation bar includes 'Electronic Order Routing', 'Electronic Invoice Routing' (selected), and 'Accelerated Payments'. The left navigation pane shows 'Company Settings' with a dropdown arrow and a list of settings: 'Company Profile', 'Service Subscriptions', 'Account Settings', 'Customer Relationships', 'Users', 'Notifications', 'Account Hierarchy', 'View All', 'Network Settings', 'Electronic Order Routing', 'Electronic Invoice Routing' (highlighted with a yellow circle 1), and 'Accelerated Payments'. The main content area features a 'General' tab and a 'Tax Invoicing and Archiving' sub-tab (highlighted with a yellow circle 3). Under 'Tax Invoicing and Archiving', the 'Capabilities & Preferences' section shows the 'Sending Method' dropdown set to 'Online' (highlighted with a yellow circle 2). Below this, the 'Tax Classification' section contains fields for 'Taxation Type', 'Tax Id', 'State Tax Id', 'Regional Tax Id', and 'Vat Id'. The 'Tax Id' field is highlighted with a yellow circle 3. There is also a 'VAT Registered' checkbox and a 'VAT Registration Document' field with an 'Upload...' button.

Configure Your Remittance Information

1. From the **Company Settings** dropdown menu, select click on **Remittances**.
2. Click **Create** to create new company remittance information, or **Edit**, if you need to change existing information.
3. **Complete** all required fields marked by an asterisk in the EFT/Check Remittances section.
4. **Select** one of your Remittance Addresses as a default if you have more than one. If needed, assign **Remittance IDs** for this address for each of your customers. Clients may ask you to assign IDs to your addresses so they can refer to the addresses uniquely. Each client can assign different IDs.

The screenshot displays the SAP configuration interface for remittance information. It is divided into two main panels: 'Network Settings' on the left and 'Company Settings' on the right.

Network Settings Panel:

- At the top, there are tabs for 'Electronic Order Routing', 'Electronic Invoice Routing', 'Accelerated Payments', and 'Settlement'. The 'Settlement' tab is currently selected.
- Below the tabs, a note states: '* Indicates a required field'.
- The section is titled 'EFT/Check Remittances'.
- There is a table with columns: 'Address ↑', 'City', and 'State'.
- At the bottom of this section are three buttons: 'Edit', 'Delete', and 'Create'. A yellow circle with the number '2' is placed over the 'Create' button.

Create Remittance Address / Payment Info Panel:

- The title is 'Create Remittance Address / Payment Info'.
- A sub-header reads: 'Add a remittance address. Indicate your preferred payment method for the new address. Then, enter information it to send you payments.'
- A note below states: 'Do not enter personal bank account information. Enter only corporate bank details.'
- Another note states: '* Indicates a required field'.
- The section is titled 'Remittance Address'.
- There are four input fields for 'Address 1*', 'Address 2*', 'Address 3*', and 'Address 4*'. A yellow circle with the number '3' is placed over the 'Address 1*' field.
- Below these are input fields for 'City:*', 'State:', and 'Postal Code:*'.
- There is a 'Country:*' dropdown menu currently set to 'United Kingdom [GBR]'.
- There is a 'Contact:' dropdown menu currently set to 'Select contact'.
- At the bottom, there is a checkbox labeled 'Make this address default'. A yellow circle with the number '4' is placed over this checkbox.

Company Settings Panel:

- The title is 'Company Settings' with a dropdown arrow and a user icon.
- Below the title, it shows 'jUnitOrg - LV8b8ft...' and 'ANID: AN02003380348'.
- There is a 'Standard Package' label.
- A list of settings is shown on the right, including 'Company Profile', 'Service Subscriptions', 'Account Settings', 'Customer Relationships', 'Users', 'Notifications', 'Account Hierarchy', 'View All', 'Network Settings', 'Electronic Order Routing', 'Electronic Invoice Routing', 'Accelerated Payments', 'Remittances', and 'Network Notifications'.
- The 'Remittances' option is highlighted with a yellow circle and the number '1'.

Configure Your Remittance Information

Payment Methods

1. **Select** Preferred Payment Method from a drop-down box: Check, Credit card or Wire.
2. **Complete** the details for ACH or Wire transfers.
3. **Select** if you do or do not accept credit cards and click OK when finished.

Note: This does not change the method of payment from your customer, unless specified.

Review Your Relationships

Current and Potential

1. **Click** on the Customer Relationships link in the **Company Settings** menu.
2. **Choose** to accept customer relationships either automatically or manually.
3. **In the Pending Section**, you can Approve or Reject pending relationship requests. In the Current Section, you can review your current customers' profiles and information portals. You can also review rejected customers in the Rejected Section.
4. **Find** potential customers in Potential Relationships tab.

The screenshot displays the 'Account Settings' page with the 'Customer Relationships' tab selected. The interface is divided into two main sections: 'Account Settings' on the left and 'Company Settings' on the right.

Account Settings:

- Customer Relationships:** This section contains sub-tabs for 'Current Relationships' and 'Potential Relationships'. The 'Potential Relationships' tab is highlighted with a yellow circle and the number 4.
- Preferences:** Below the tabs, there is a section titled 'I prefer to receive relationship requests as follows:'. It features two radio buttons: 'Automatically accept all relationship requests' (selected) and 'Manually review all relationship requests'. A yellow circle with the number 2 is placed over the 'Update' button.
- Pending:** This section displays a table of pending relationship requests. The table has columns for 'Customer' and 'Requested Date'. Below the table, there are 'Approve' and 'Reject' buttons. A yellow circle with the number 3 is placed over the 'Reject' button.
- Current:** This section displays a table of current customers. The table has columns for 'Customer' and 'Approved Date'. A yellow circle with the number 1 is placed over the 'Customer Relationships' link in the 'Company Settings' sidebar.
- Rejected:** This section displays a table of rejected customers. The table has columns for 'Customer' and 'Rejected Date'.

Company Settings:

- Company Profile:** This section displays the company name 'jUnitOrg - LV8b8ft...' and the ANID 'AN02003380348'.
- Service Subscriptions:** This section displays the 'Standard Package'.
- Account Settings:** This section contains links to 'Company Profile', 'Service Subscriptions', 'Account Settings', 'Customer Relationships', 'Users', 'Notifications', 'Account Hierarchy', and 'View All'.
- Network Settings:** This section contains links to 'Electronic Order Routing', 'Electronic Invoice Routing', and 'Accelerated Payments'.

Set Up User Accounts

Roles and Permission Details

Administrator

- There can only be one administrator per ANID
- Automatically linked to the username and login entered during registration
- Responsible for account set-up/configuration and management
- Primary point of contact for users with questions or problems
- Creates users and assigns roles/permissions to users of the account

User

- Up to 250 user accounts can exist per ANID
- Can have different roles/permissions, which correspond to the user's actual job responsibilities
- Can access all or only specific customers assigned by Administrator

Set Up User Accounts

Create Roles and Users (Administrator Only)

1. **Click** on the Users tab on the **Company Settings** menu.
The Users page will load.
2. **Click** on the **Create Role** button in the Manage Roles section and type in the Name and a Description for the Role.
3. **Add Permissions to the Role** that correspond to the user's actual job responsibilities by checking the proper boxes and click save to create the role.
4. **To Create** a User Click on Create User button and add all relevant information about the user including name and contact info.
5. **Select** a role in the Role Assignment section and Click on Done.

The screenshot displays the SAP Ariba Network user management interface. The top navigation bar includes tabs for Customer Relationships, Users, Notifications, and Account Hierarchy. The 'Users' tab is active, showing the 'Manage Users' section. Below this, there is a table of existing users. A user named 'rebecca.novotny@sap.com' is listed with details for first and last name. Action buttons like 'Edit', 'Delete', 'Add to Contact List', 'Remove from Contact List', 'Make Administrator', and 'Create User' are provided for each user. The 'Create User' button is highlighted with a yellow circle and the number 4. Below the user table is the 'Manage User Roles' section. It includes a table of roles: 'Administrator' and 'All Access'. The 'Create Role' button is highlighted with a yellow circle and the number 2. The 'Details' link for the 'Administrator' role is highlighted with a yellow circle and the number 3. On the right side, the 'Company Settings' menu is visible, with the 'Users' link highlighted by a yellow circle and the number 1.

Set Up User Accounts

Modifying User Accounts (Administrator Only)

1. **Click** on the Users tab.
2. **Click** on Edit for the selected user.
3. **Click** on the Reset Password Button to reset the password of the user.
4. **Other options:**
 - Delete User
 - Add to Contact List
 - Remove from Contact List
 - Make Administrator

Enhanced User Account Functionality

1. **Click** on your name in top right corner, to access the User Account Navigator. It enables you to:
 - Quickly access your personal user account information and settings
 - Link your multiple user accounts
 - Switch to your test account

Note: After your multiple user accounts are linked, the User Account Navigator displays the multiple accounts.

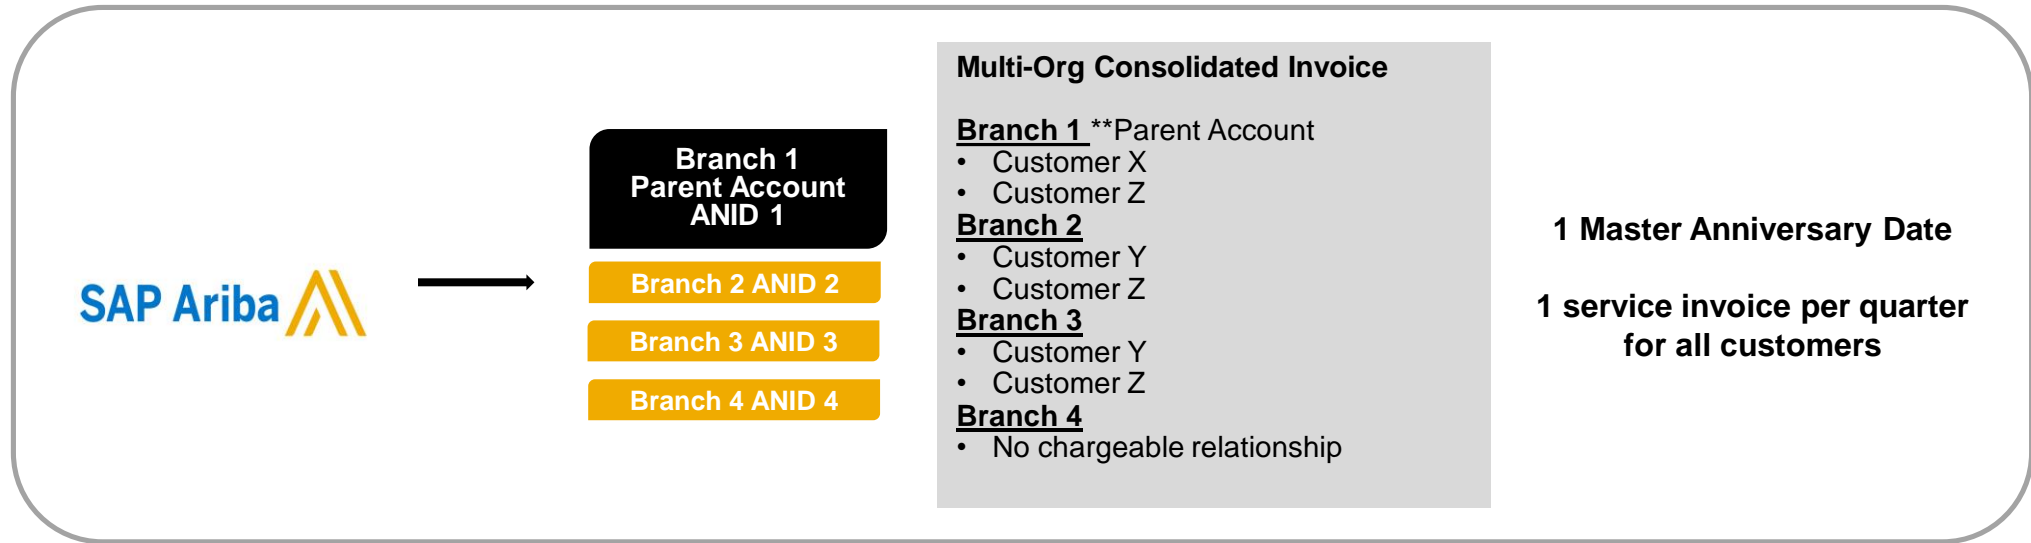

2. **Click** on My Account to view your user settings.
3. **Click** Complete or update all required fields marked by an asterisk.

Note: If you change username or password, remember to use it at your next login.

4. **Hide** personal information if necessary by checking the box in the Contact Information Preferences section.

The screenshot displays the SAP User Account Navigator interface. At the top right, a user menu is visible with the following options: Logout, My Account (highlighted with a blue bar and a yellow circle 2), My Community Profile, Switch To, and a list of user accounts including jU-LV8b8ft565589df100959... Aibasup@s.c. Below the user menu, the 'My Account' settings page is shown. It has two main sections: 'Account Settings' and 'Account Information'. The 'Account Settings' section includes a note: '* Indicates a required field'. The 'Account Information' section includes fields for Username (Aribasup@s.c), Email Address (junk@phoenix.ariba.com), First Name (jU-LV8b8ft565589df1009590921), Middle Name, Last Name (lastName), and Business Role (Business Owner). The 'Security' section includes fields for Secret Question (What is the last name of your first boss?), Secret Answer (masked with dots), and Confirm Secret Answer (masked with dots). Numbered callouts are present: 1 points to the user menu, 2 points to 'My Account', 3 points to the 'Change Password' link, and 4 points to the 'Confirm Secret Answer' field.

Consolidate Your Bills Through a Multi-Org

Ariba offers invoice consolidation and synchronization for customers with several accounts

- Fees will be invoiced only to the parent account with the payment cycle synchronized for the entire group.
- The parent account will receive one single invoice every three months for all customer relationships and for all linked accounts.
- This consolidation is related only to invoices issued by Ariba to the supplier, the business operations of each account are still independent.

Participate in a Multi-Org Guidelines

- The supplier needs to designate a **Parent ANID** under which the invoice will be viewed.
- The selection of the parent ANID determines the currency of the Multi-org invoice and the billing dates.
- The supplier should also have confirmed list of child ANID's to be included on the invoice.
- A Multi-Org is NOT:
 - A way to merge accounts.
 - A way to get a discount on Transaction Fees.

Structure Your Multi-Org

1. **Register** all accounts which will be included in the Multi-Org.
2. **Create** a list of all ANIDs and designate the parent account.
3. **Wait** until the first ANID becomes chargeable.
4. **Contact Customer Support** through the Help Center and inform them of your need for the Multi Org.

Link Accounts Via an Account Hierarchy

Linkage between individual accounts for account management purposes

The administrator of the Parent account can log into the child account and take the following actions:

- Change settings on the child account and complete the company profile
- Publish catalogs
- Check the status of payment for the Ariba invoice and pay the invoice
- Upgrade to a higher Subscription package

The administrator of the Parent account cannot take following actions:

- View buyers on the Child account
- Create any documents (PO confirmations, Ship Notices, Invoices)
- Run Reports

Create an Account Hierarchy

1. From the **Company Settings** menu, click Account Hierarchy.
2. To add child accounts click on Link Accounts.
3. The **Network** will detect if there is an existing account with corresponding information.
4. On the next page log in if you are the Administrator of the account.

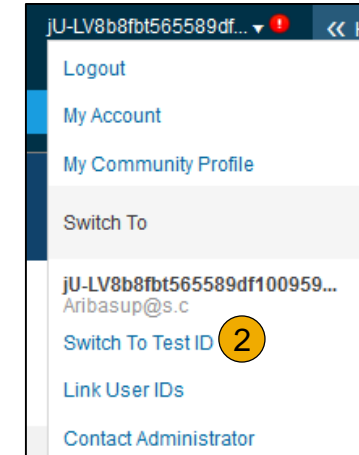

Note: If you are not the Administrator of the account, you can send a request as a 'Non Administrator' to the Administrator through an online form.

5. Once the request is confirmed by a child account administrator, the name of the linked account is displayed on the Account Hierarchy page.

Set Up a Test Account

1. **To set up** your Test Account, you need to be on the tabular view of your Ariba Network Production Account.
2. **Click** your name in top right corner and then select Switch to Test ID. The Switch To Test Account button is only available to the account Administrator. The administrator can create test account usernames for all other users needing access to the test account.
3. **Click** OK when the Ariba Network displays a warning indicating You are about to switch to Test Mode.
4. **Create** a Username and Password for your test account and click OK. You will be transferred to your test account.
 - Your Test account should be configured to match your Production account. This will ensure the testing results are consistent with what will result in Production. Once you have set up your test account, you are ready to receive a test purchase order.**Note:** Test account transactions are free of charge.
5. **The Network** will always display which mode you are logged into, (Production or Test). Your **Test account ID** has the suffix “-T” appended to your Ariba Network ID (ANID).

A screenshot of the 'Create Test Account' form. The title is 'Create Test Account'. Below it, a message states: 'You are about to create a new account in the Test Mode. The trading relationship with the...'. The form contains three input fields: 'Username:*' with the value 'test-Aribasup@s.c' (highlighted with a yellow circle and the number 4), 'Password:*' with masked characters, and 'Confirm Password:*' with masked characters.

Create Order Confirmation

Confirm Entire Order

This slide explains how to Confirm Entire Order.

1. **Enter** Confirmation Number which is any number you use to identify the order confirmation.
2. **If you specify** Est. Shipping Date or Est. Delivery Date information, it is applied for all line items.
3. **You can group** related line items or kit goods so that they can be processed as a unit.
4. **Click** Next when finished.
5. **Review** the order confirmation and click Submit.
6. **Your order confirmation is sent to Boeing.**

The screenshot shows the 'Confirming PO' form. At the top right are 'Exit' and 'Next' buttons. On the left is a sidebar with two items: '1 Confirm Entire Order' (selected) and '2 Review Order Confirmation'. The main form area is titled 'Order Confirmation Header' and contains fields for 'Confirmation #' (with callout 1), 'Associated Purchase Order #' (20150415_PO1), 'Customer' (Ariba, Inc. - TEST), and 'Supplier Reference'. Below this is a section titled 'SHIPPING AND TAX INFORMATION' with callout 2, containing fields for 'Est. Shipping Date', 'Est. Delivery Date', 'Est. Shipping Cost', 'Est. Tax Cost', and a 'Comments' text area. A callout 4 points to a small '* Indicate' link in the top right corner of the form area.

Once the order confirmation is submitted, the Order Status will display as Confirmed. When viewing documents online, links to all related documents are displayed. Click Done to return to the Inbox.

Create Order Confirmation

Reject Entire Order

1. From the **PO view**, click the Create Order Confirmation button and select to Confirm Entire Order, Update Line Items for individual line items or Reject Entire Order.
2. Enter a reason for rejecting the order in case your buyer requires.

This example demonstrates the Reject Entire Order option. (Updating with Different Statuses will be explained on the next few slides.)

Boeing Invoice Requirements

1. Order Confirmations are optional, but Advance Ship Notices are preferred
2. Suppliers are allowed to back date invoices for 365 days
3. Suppliers can enter taxes at the header level or line item level
4. Suppliers are required to put an Actual or Estimated Shipping Date on Advance Ship Notices
5. Suppliers can create Line Level Credit Memos/Debit Memos only
6. Suppliers are required to put a Reason for each Credit Memo

Review Boeing Invoice Rules

These rules determine what you can enter when you create invoices.

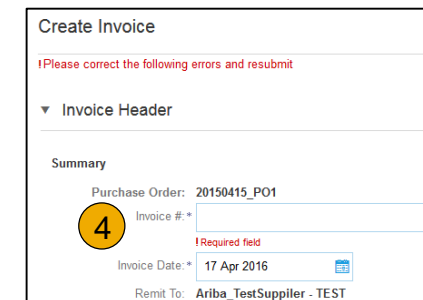

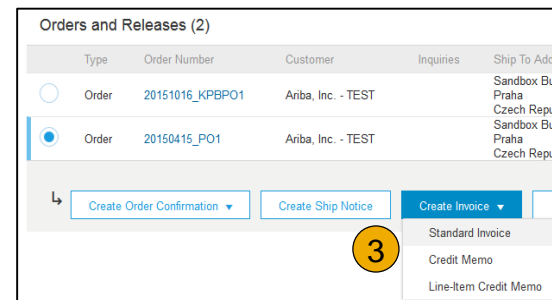

1. Login to your Ariba Network account via supplier.ariba.com
2. Select the Company Settings dropdown menu and under Account Settings, click Customer Relationships.
3. A list of your Customers is displayed. Click the name of your customer (Boeing).
4. Scroll down to the Invoice Setup section and view the General Invoice Rules.
5. If Boeing enabled Country-Based Invoice Rules then you will be able to choose your Country in Originating Country of Invoice from the drop down menu.
6. Click Done when finished.

Invoice via PO Flip

To create a PO-Flip invoice (or an invoice derived from a PO that you received via Ariba Network):

1. From the home screen within your Ariba Network account, select the **Create** dropdown menu and select **PO Invoice**.
2. For PO Invoice select a **PO number**.
3. Click on the **Create Invoice** button and then choose **Standard Invoice**.
4. Invoice is automatically pre-populated with the PO data. **Complete all fields marked with an asterisk and add tax as applicable.** Review your invoice for accuracy on the **Review** page. If no changes are needed, click **Submit** to send the invoice to Boeing.

Invoice via PO Flip Header

Invoice is automatically pre-populated with the PO data. Complete all fields marked with an asterisk and add tax as applicable.

1. **Enter an Invoice #** which is your unique number for invoice identification. The Invoice Date will auto-populate.
2. **Select Remit-To** address from the drop down box if you have entered more than one.
3. **Tax and Shipping can be entered** at either the Header or Line level by selecting the appropriate radio button.
4. **You can also add some additional information** to the Header of the invoice such as: Special Handling, Payment Term, Comment, Attachment, Shipping Documents.
5. **Scroll** down to the Line items section to select the line items being invoiced.

Note: Attachment file size should not exceed 40MB.

Line Item Comments

1. To add comments at the line items select **Line Items**, then click at Line Item **Actions >Add >Comments**.
2. Upon refresh or **Update**, the Comments field will display. Enter applicable Comments in this field.
3. Click Next.

The screenshot displays the SAP Ariba interface for adding comments to a line item. The top section shows a 'Line Item Actions' dropdown menu with options: Edit, Add, Shipping Documents, Special Handling, Pricing Details, Discount, Allowance, Charge, Comments (highlighted with a yellow circle 1), and Attachment. To the right of the dropdown are 'Delete' and 'Add' buttons. Below the dropdown, the 'Comments' field is visible, marked with a yellow circle 2. The field is empty and has a 'Remove' button to its right. At the bottom right, there are buttons for 'Update', 'Save', 'Exit', and 'Next' (marked with a yellow circle 3). The footer of the interface includes the SAP logo, user information (Klaus P.), and a copyright notice: '© 1996–2016 Ariba, Inc. All rights reserved.'

Invoice via PO Flip

Review, Save, or Submit to Customer

1. **Review** your invoice for accuracy from the Review page. Scroll down the page to view all line item details and invoice totals.
2. If no changes are needed, click **Submit** to send the invoice to Boeing.
3. If changes are needed, click **Previous** to return to previous screens and make corrections before submitting.
4. Alternatively, **Save** your invoice at anytime during invoice creation to work on it later.
5. You may resume working on the invoice by selecting it from **Outbox>Drafts** on your Home page.
6. You can keep draft invoices for up to 7 days.

Copy an Existing Invoice

To copy an existing invoice in order to create a new invoice:

1. **Select** the **OUTBOX** Tab.
2. **Either Select** the radio button for the invoice you want to copy, and click Copy. OR Open the invoice you want to copy.
3. **On the Detail** tab, click **Copy This Invoice**.
4. **Enter** an new invoice number.
5. **For VAT lines**, make sure the date of supply at the line level is correct.
6. **Edit** the other fields as necessary.
7. **Click Next**, review the invoice, and save or submit it.

Search for Invoice

(Quick & Refined)

Quick Search:

1. **From the Home Tab**, Select Invoices in the Document type to search.
2. **Select** Boeing from Customer Drop down menu.
3. **Enter** Document # , if known. Select Date Range, up to 90 days for Invoices and Click Search.

Refined Search: Allows a refined search of Invoices within up to 90 last days.

4. **Search** Filters from Outbox (Invoices).
5. **Enter** the criteria to build the desired search filter.
6. **Click** Search.

This screenshot shows the top navigation bar of the SAP system with tabs for HOME, INBOX, OUTBOX, CATALOGS, and REPORTS. Below the navigation bar is a search bar. Annotation 1 points to the 'Invoices' dropdown menu. Annotation 2 points to the 'All Customers' dropdown menu. Annotation 3 points to the search input field and the search button.

This screenshot shows the 'OUTBOX' tab selected in the navigation bar. Below the navigation bar are tabs for 'Invoices', 'Order Confirmations', 'Ship Notices', and 'Drafts'. The 'Invoices' tab is active. Below the tabs is a section titled 'Invoices' with a 'Search Filters' button. Annotation 4 points to the 'Search Filters' button.

This screenshot shows the 'Invoices' search filters section. It contains various input fields and checkboxes for refining the search. Annotation 5 points to the 'Min. Amount' input field. Annotation 6 points to the 'Show only Invoices with Invoice Addendums' checkbox. The section includes fields for Customer, Invoice Number, Order Number, Date Range, Supplier Reference, Min. Amount, Max. Amount, External Invoice Number, Status, and checkboxes for 'Show Only Invoices Submitted from the Customer's System' and 'Show only Invoices with Invoice Addendums'. At the bottom, there is a 'Number of Results' dropdown set to 100, and 'Search' and 'Reset' buttons.

Check Invoice Status

Routing Status To Your Customer

Check Status:

If you configured your Invoice Notifications as noted earlier in this presentation, you will receive emails regarding invoice status. You can also check invoice status from the **Outbox** by selecting the invoice link.

Routing Status

Reflects the status of the transmission of the invoice to Boeing via the Ariba Network.

- **Obsoleted** – You canceled the invoice
- **Failed** – Invoice failed Boeing invoicing rules. Boeing will not receive this invoice
- **Queued** – Ariba Network received the invoice but has not processed it
- **Sent** – Ariba Network sent the invoice to a queue. The invoice is awaiting pickup by the customer
- **Acknowledged** – Boeing invoicing application has acknowledged the receipt of the invoice

Check Invoice Status

Review Invoice Status With Your Customer

Invoice Status

Reflects the status of Boeing's action on the Invoice.

- **Sent** – The invoice is sent to the Boeing but they have not yet verified the invoice against purchase orders and receipts
- **Cancelled** – Boeing approved the invoice cancellation
- **Paid** – Boeing paid the invoice / in the process of issuing payment. Only if Boeing uses invoices to trigger payment.
- **Approved** – Boeing has verified the invoice against the purchase orders or contracts and receipts and approved it for payment
- **Rejected** – Boeing has rejected the invoice or the invoice failed validation by Ariba Network. If Boeing accepts the invoice or approves it for payment, invoice status updated to Sent (invoice accepted) or Approved (invoice approved for payment)
- **Failed** – Ariba Network experienced a problem routing the invoice

Review Invoice History

Check Status Comments

Access any invoice:

1. **Click** on the History tab to view status details and invoice history.
2. **History and status comments** for the invoice are displayed.
3. **Transaction history** can be used in problem determination for failed or rejected transactions.
4. **When you are done** reviewing the history, click Done.

Learn About Transacting

Reports help provide additional information and details on transactions on the Network in a comprehensive format.

1. Click the **Reports** tab from the menu at the top of the page.
2. Click **Create**.

- **Invoice reports** provide information on invoices you have sent to customers for tracking invoices over time or overall invoice volume for a period of time.
- **Failed Invoice reports** provide details on failed and rejected invoices. These reports are useful for troubleshooting invoices that fail to route correctly.
- Reports can be created by Administrator or User with appropriate permissions.
- **Bronze** (and higher) members may choose **Manual** or **Scheduled** report. Set scheduling information if Scheduled report is selected.

Invoice Reports

3. Enter required information. Select an Invoice report type — Failed Invoice or Invoice.
4. Click Next.
5. Specify Customer and Created Date in Criteria.
6. Click Submit.
7. You can view and download the report in CSV format when its status is Processed.

Note: For more detailed instructions on generating reports, refer to the **Ariba Network Transactions Guide** found on the **HELP** page of your account.

Invoice Archival

Configuring invoice archiving allows you to specify the frequency, immediacy, and delivery of zipped invoice archives. If you wish to utilize it, please follow these steps:

1. From the **Company Settings** dropdown menu, select **Electronic Invoice Routing**.
2. Select the tab **Tax Invoicing and Archiving**.
3. Scroll down to **Invoice Archival** and select the link for **Configure Invoice Archival**.
4. Select **frequency** (Twice Daily, Daily, Weekly, Biweekly or Monthly), choose **Archive Immediately** to archive without waiting 30 days, and click **Start**.
 - If you want Ariba to deliver automatically archived zip files to you, also enter an Archive Delivery URL (otherwise you can download invoices from your Outbox, section Archived Invoices).
 - **Note:** After **Archive Immediately** started you can either **Stop** it or **Update Frequency** any time.
5. You may navigate back to the **Tax Invoicing and Archiving** screen in order to subscribe to **Long-Term Document Archiving** for an integrated archiving solution. (More details within the Terms and Policies link.)

Troubleshoot Your Invoice Issues

How do I know
which type of
invoice to
create?

What does this
error message
mean?

How do I cancel
an invoice that
I've sent?

How do I edit and
resubmit an
invoice that I've
sent?

What should I do
if my invoice has
been rejected?

Can I resend a
failed or rejected
invoice with the
same invoice
number?

How do I tell
when my invoice
will be paid?

Thank you.
