MEMORANDUM TO:

ATTENTION:

SUBJECT:

Citation of CIA Classified
References in
Research Papers

50X1

50X1

1. CIA policy forbids citation of CIA classified documents in papers to be distributed outside the Intelligence Advisory Committee community.

2. Since it is desirable to distribute most research papers outside the IAC community, it is suggested that such papers contain no references to classified CIA documents in the body of the text nor in the bibliography. However, papers that actually make use of CIA classified documents might have a perforated appendix consisting of page, paragraph, and perhaps line references to the body of the paper with appropriate citations of CIA classified documents. This perforated appendix would be detached from copies distributed outside the IAC community.

50X1

CLAUDE E. HAWLEY
Office of the Special Assistant
to the Director
for Planning and Coordination
