Approved For Release 2002/11/18 : CIA-RDP96-00789R002000610010-2

on vehicle, made of metal, large for its size, long, uniform height, containing lots of electronics; Brownish/DD in color; military purpose; technical, complex, electronic; other side should not know where it is located during actual use for it to be most effective. ASL strongly suggests of GLCM control vehicle because of size, configuration & layout.
