1990, a second search, training segment of 105 sessions were conducted while utilizing the so-called "hot finger" methodology. Results indicated three successes attributable to 018, three to 079 and one success attributable to 052.

4. (S/SK/WNINTEL) On 16 May 1990, two demonstrations of remote viewing methodologies were held on behalf of four US senators in the Hart Senate Building. On 25 May 1990 and on 14 June 1990, briefings and round table discussions were held at Fort Meade on behalf of several congressional staffers. On 11 and 12 June 1990, members of the Pacific Joint Task Force, JTF-5, were thoroughly briefed on the unit's activity. Plans and strategies were formulated in preparation for the operational visit of SUN STREAK representatives to the Oakland and Los Angeles, California areas in mid-July 1990. Three remote viewers were dispatched to the JTF-4, Key West, Florida area for the period of 29 May to 8 June 1990. Three additional viewers will interface with JTF-4 analysts during the period of 25 June 1990 to 13 July 1990. Lastly, four remote viewers will conduct operational sessions in the JTF-4 area of operations from 16 July 1990 to 3 August 1990 inclusively. During the reporting period, the unit conducted 401 remote viewing sessions in an effort to provide a sufficient data base from which to evaluate the unit as a collector of intelligence information. In some instances, remote viewers conducted as many as three sessions in one day. Production in fact, doubled during the reporting period.
