SUMMARY OF INFORMATION

SG1B

The vessel [redacted] is currently located just off (south) of Behring Point, Andres Island.

The air drop will not occur at the location indicated in tasking, but will instead occur SE of Andros Island at 23 48'N 77 14' W (between Green and Dolly Cays). The air drop will occur on 14 June 1990, between 0001-0300 hours. A large (DC-3 size), flat gray, aircraft will fly in low and drop a string (literally tied together at approximately 10 foot intervals) of hard, cone-shaped containers (approx. 1 foot in diameter and 1 foot in height). These float and are either light colored or reflective. No lights are used in the operation; the aircraft homes in on a special emitter.

SG1B

The [redacted] will carry these packages to the vicinity of Berry Island where they will be transferred to a single blue cigarette boat.
