E. SESSION SUMMARY:

----A male of apparent Greek origin and phonetically identified Stephan/Estefan Sporthেকে was involved in the preparation of the explosive. He is about 42 yrs of age, wears a black mustache and seems related to the incident because of outside contractual affiliations. I believe this man is now dead. The ongoing investigation will reveal that he is a suspect; he will also be suspected of being a Serbian national.

----A middle-aged female phonetically identified as "Annette/Ninette" and working as a contract specialist at the World Trade Center will come to the realization that she was an unwitting tool in assisting Sporthেকে in gaining access to the building. She will volunteer to be debriefed by responsible authorities at a later date.
