WORKING PAPER

Target #: D007
Date: 16 OCT 90
Time: 1445-1505
Viewer: 052
Session: 01

METHOD USED:

I started at the starting tree and turned slowly in all directions. I felt a pull in one direction and slowly moved in that direction. However, I felt like I had to turn around and face the starting tree again. I walked in the direction of the starting tree and walked past it. I then felt like turning toward the starting tree again. I could not shake the feeling that the target was located at the base of the starting tree.
