March 23, 2006 -- **CHARLIE Sheen** has joined the 9/11 gone-bonkers brigade. The "Two and a Half Men" star gave a bizarre interview on GGN Radio Network's conspiracy-minded "The **Alex Jones** Show," in which he suggested that the federal government was covering up what "really" happened. "It seems to me like 19 amateurs with boxcutters taking over four commercial airliners and hitting 75 percent of their targets, that feels like a conspiracy theory. It raises a lot of questions," Sheen said. "A couple of years ago, it was severely unpopular to talk about any of this. It feels like from the people I talk to, and the research I've done and around my circles, it feels like the worm is turning." Sheen said the collapse of the Twin Towers looked like a "controlled demolition." The out-there actor also expressed his disbelief over how one of the planes hit the Pentagon. "Just show us how this particular plane pulled off these maneuvers . . . It is up to us to reveal the truth. It is up to us because we owe it to the families, we owe it to the victims, we owe it to everyone's life who was drastically altered, horrifically, that day and forever. We owe it to them to uncover what happened."
