

Project 8035
Session DCC-59
#7

#14
220900 May 81

Map - long irregular body of water
dotted curved line
curving toward river

milns & r.

reminded of conduit "flow more"
by tube

in valley

high ground looking at low ground to N.

not many trees
some complex & L.

by trucks

6-8 guys

herd-like body
drop of some kind

other equipment

something blew up

people didn't jump

OK, let's get him moving around

repetition of bumps like arctic position

Towed artillery piece in revetment
pointing to NE

+20
** OK, what other perceptions does he have?

Mine or cave

To east in ravine are 3 things
dig back into hill - could be artillery
to west 30-40 people in formation
like training

lot of people w/ umbrellas

** OK, ask him to gain an appreciation for
the nature of this activity, then
move him ahead in time

29 May

E or NE bunch of tracked vehicle in a
protected valley

3-4 troops maintaining vehicles
Veh all oriented the same way

Veh w/ real tall antennae w/ guy wires

+34
** Ask him on last time how he would
describe the urgency of the situation

+34 ** Forget the last question, he just answered
it

+34 ** Approved For Release 2000/08/07 : CIA-RDP96-00788R000500170001-9
He got no further questions
