By Sondoss Al Asaad

BEIRUT – From behind a red screen, which symbolizes retaliation, and a Quranic verse stating: "Permission is given to those who are being fought against, because they have been wronged. And indeed, Allah is competent to give them victory", Sayyed Hassan Nasrallah has pledged a tough reckoning – in the narrowest possible circle of the Resistance – in response to the cybercrime committed by the Zionist enemy, and which has breached all the red lines.

A sudden, earth-shattering and powerful response will inflict on the Zionist enemy and its military bases as it has persisted in its criminality, Sayyed Nasrallah has illustrated, relying on a solid and capable resistance that has great capabilities that no one would even imagine, even the people of the resistance themselves.

Today's speech has reflected Sayyed Nasrallah's utmost confidence in his brave soldiers, his sincere allies and the just cause he is defending, along with his high confidence in his popular base and its exemplary level of faith and readiness to make sacrifices. It further reflects his famous saying:

More than 350 days have passed since Israel declared war on Gaza.

Since the start of the onslaught on October 7, around 41,400 Palestinians, including over 16,000 children have been butchered by the Israeli army. Besides, close to 96,000 other Palestinians have been injured.

Israel has bombarded hospitals, schools, and residential buildings mercilessly, leaving a trail of death and destruction.

On Saturday, Gaza's civil defense agency said an Israeli strike on a school-turned-shelter in Gaza City killed nearly two dozen people, including thirteen children.

Mahmud Bassal, the agency's spokesman, said thousands of displaced people had sought shelter at the school. Israel claims its strike on the school targeted Hamas members.
